NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Looking for a home in the heart of the country ?

It can be a problem finding just the right place. Especially when you want to fulfill that dream of getting away from the city without losing the advantages of urban living. Our answer to your question is Country Estates.

Only minutes from I-64 and situated amid the farms and forests of Chesapeake, a new community of exclusive homesites is being developed for the discriminating person seeking the peaceful seclusion to be found in Country Estates.

42 three-acre lots provide a pastoral setting, only a short distance from churches, schools, medical and shopping centers. Recrea-

tional facilities include fishing, canoeing, hunting, etc. The property itself offers the possibility for extensive gardening, limited livestock, or simply allowing nature to have free reign.

Country Estates, located between Dominion Boulevard and West Road, comprises a choice selection of ample meadow and wooded lots waiting for families like yours who want to settle in the rustic charm of the Tidewater countryside.

Of course seeing is believing, and we feel that you will agree that this land presents a potential not to be equaled. For an appointment call Gus Lindsay at 487-8853.
